

# **OREGON TRAIL SISTER CLUBS**

Recently we entered into an agreement with "Oregon Trail Sister Clubs", an organization of private and semi-private golf clubs whose members enjoy membership privileges at participating clubs throughout the northwest.

- Each club in the organization will allow a minimum of four tee times per day to be used by members of the other clubs.
- Members are allowed to play any one club up to three times per year using this reciprocal program.
- Members will not pay green fees but are expected to rent a golf cart at the club they are playing.
- Until the need arises there will be no fees attached to this program.
- All reservations must be made through the member's home professional.
- Members of the participating clubs may bring a guest as the policy of the host club.
